

**SURRY SCENIC BIKEWAY**

Surry County's rolling foothills and rural areas are perfect for the cyclist. Through the foresight of County officials, a scenic bikeway route now meanders throughout our scenic county. The Scenic Bikeway was adopted and created through a committee of Surry County and the NC Dept. of Transportation. In 2004, the City of Mt. Airy, Town of Pilot Mountain, Town of Dobson, County of Surry, and the Town of Elkin officially adopted the scenic bikeway. The Northwest Piedmont Council of Governments Rural Planning Organization also endorsed the bikeway and assisted in its success. The bikeway is comprised of eight various loops and connectors providing over 500 miles of designated bikeways to explore. Parking areas and facilities are located on all bike routes. Whether you're interested in the challenge of riding a more strenuous route or a leisurely afternoon ride, the Surry Scenic Bikeway has a route for you.

**LEGEND**

N.C. Bike Rt. Four (North Line Trace)

Mt. Airy-Lowgap Loop Elkin-Dobson Loop

Mt. Airy-Pilot Mtn. Loop Mt. Airy-Westfield Loop

Alternate, Connector or Spur

**TYPICAL ROUTE** 3.7 Mi.

Rural roads with traffic exceeding 1000 vehicles / day (vpd) are bordered in red (see schedule)

1000 - 4000 vpd  
4000 - 8000 vpd  
8000 + vpd

**Note:** Even roads with normally low traffic can become crowded at certain times and dates.

Due to insufficient and non-uniform data, volumes in municipalities are not shown. Although towns and cities generally have lower speed limits and wider streets, don't let your guard down on city streets!
